

Savannah State University Position Description – Equipment Operator II

POSITION DESCRIPTION

Position Title: Equipment Operator II FLSA Status Non Exempt
Reports to: Grounds Superintendent
Department: Maintenance
Date Prepared: June 2003

BASIC FUNCTION

This position is expected to operate heavy equipment effectively and maintain the large landscape areas appropriately.

NATURE & SCOPE

Under the supervision of the Grounds Superintendent this position is accountable for performing the heavy equipment component of the grounds maintenance operation for the University.

The position focuses primarily on the large landscape areas where the heavy equipment is an essential element in the maintenance effort.

The incumbent at times functions as a team leader following-up to ensure that the team has completed the tasks as planned, and as needed will assist in the mechanic shop.

PRINCIPAL ACCOUNTABILITIES

- Operates heavy equipment as part of the Savannah State maintenance program
- Maintains the large landscape areas to enhance the physical environment of the campus.
- Assists in the mechanic shop on an as-needed basis.

SPECIALIZED KNOWLEDGE AND EXPERIENCE REQUIRED

This position requires some high school or equivalent.
