

iStrategy Security Access Request Form

Name: _____ Last 4 of SSN: _____ Employee ID #: _____

Department: _____ Email: _____

What is iStrategy?

iStrategy is a Microsoft-based reporting tool that is integrated with PeopleSoft Financials. It is comprised of three different tools -- ProClarity Reporting Tool, Reporting Services Reports, and Sharepoint/Performance Point Dashboard. With iStrategy, both Financials and non-Financial users have access to review information quickly and drill-down to the underlying detail.

Instructions for obtaining access:

1. Be sure to indicate the department numbers that you are requesting access to.
2. Select the appropriate access box
3. Provide your PeopleSoft username, if applicable
4. E-mail _____ approved form to shutchin@savannahstate.edu
5. Note: Forward questions to shutchin@savannahstate.edu or dial ext. 4037

What Access are you requesting (select all that apply):

- iStrategy Super User (Mainly Business & Financial Affairs Staff) iStrategy Departmental User
