Distinctive Courses in this Major

EDUC 3030 Teaching Exceptional Learners 3 credits
This course is designed to prepare candidates to work collaboratively with families and school personnel to have a positive impact on the educational, social and behavioral development of all students, including those with a full range of disabilities and in a diverse society. The course focuses on knowledge of legislative mandates for serving exceptional students, characteristics of exceptionality, best practice in facilitating teaching and learning, and accountability through assessment of outcomes. There are 60 required field hours in this course. This course cannot be passed without verification of completion of field hours. Admission to TEP required.

EDUC 3200 Curriculum and Assessment 3 credits
This course will engage students in the investigation of curriculum, instruction, and assessment development with an emphasis on student learning outcomes. This course will review assessment methods relative to constructing, evaluating and interpreting tests with an understanding on reliability, valid and fair measurements; descriptive and inferential statistics, and state competency testing. Students will cover knowledge management and methods for integrating technology into assessment practice. There are 60 required field hours in this course. This course cannot be passed without verification of completion of field hours. Admission to TEP.

MGED 4000 Methods & Research in Middle Grades Education 3 credits
Teacher candidates will advance their practical understanding of educational research specific to MG Education and the theories of teaching and learning. The course introduces the language of research, ethical principles, and elements of qualitative and quantitative research approaches. Candidates will use these theoretical underpinnings to begin to critically review and use literature related to research-based methods relevant to their MG content areas in planning, instruction, and assessment. The eportfolio is required. Admission to TEP required. Taken with MGED Practicum courses.

MGED 4412 Practicum in Teaching Middle Grades Math 3 credits
This course engages students in teaching concepts in middle grades mathematics with a focus on integrated STEM education in a middle school setting while receiving additional training in effective instructional methods and assessment strategies appropriate for middle level learners. There are 60 required field hours in this course. This course cannot be passed without verification of completion of field hours. Taken with MGED 4000.

MGED 4413 Practicum in Teaching Middle Grades Science 3 credits
This course engages students in teaching concepts in middle grades science with a focus on integrated STEM education in a middle school setting while receiving additional training in effective instructional methods and assessment strategies appropriate for middle level learners. There are 60 required field hours in this course. This course cannot be passed without verification of completion of field hours. Taken with MGED 4000.

EDUC 4475 Student Teaching/Clinical Practice 10 credits
Student teaching is a 630-hour field-based capstone requirement for teacher certification and BSED candidates. Requirements for entry, grade level and/or content placement, and teaching experiences at the assigned school adhere to the most recent rules for teacher certification mandated by the GaPSC. Taken with EDUC 4476.

EDUC 4476 Student Teaching Seminar 2 credits
This seminar, taken with EDUC 4475 Student Teaching/Clinical Practice, provides students with structured support to meet final teacher preparation program requirements mandated by the GaPSC for teacher certification. Completion of GACE assessments and submission of the teaching portfolio to edTPA are required to complete this course. Taken with EDUC 4475.
