INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Savannah State University Foundation, Inc. and Subsidiaries

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Savannah State University Foundation, Inc. and Subsidiaries, which comprise the consolidated statements of financial position as of June 30, 2015 and 2014, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Savannah State University Foundation, Inc. and Subsidiaries as of June 30, 2015 and 2014, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Supplemental Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying supplemental information is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audits of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2015 and 2014

NOTE 1. NATURE OF OPERATIONS

The Savannah State College Foundation, Inc. (the "Foundation" or "Parent") was incorporated in the State of Georgia on February 29, 1972, as a not-for-profit corporation. The purpose of the Foundation was the establishment of an endowment fund to be used for the advancement of Savannah State College and for the promotion of the education and welfare of faculty and students. The Foundation changed its name to the Savannah State University Foundation, Inc. effective February 22, 2008.

The SSU Foundation Real Estate Ventures, LLC ("REV"), a wholly-owned subsidiary of the Foundation, was organized as a single member limited liability company on March 31, 2006. The purpose of REV is to acquire, renovate, operate, and manage two apartment complexes as student housing on the campus of Savannah State University (the "University").

The SSU Community Development I, LLC ("CDI"), a wholly-owned subsidiary of the Foundation, was organized as a single member limited liability company on July 16, 2010. The purpose of CDI is to acquire and develop land for a sports and intramural complex and to construct and furnish three new buildings and renovate an existing building as student housing on the campus of the University.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Consolidation

The consolidated financial statements of the Foundation have been prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America. The Consolidated financial statements include the accounts of the Foundation and its wholly owned subsidiaries, REV and CDI. All significant intercompany balances and transactions have been eliminated in consolidation.

Net assets and changes in net assets are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Foundation and/or the passage of time.

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on related investments for general or specific purposes.

Cash and Cash Equivalents

The Foundation considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Restricted Bond Proceeds

Proceeds from the issuance of the bonds payable are held by an independent trustee and are restricted for the purpose of funding construction costs, interest, debt service reserves, cost of issuance, and administrative fees. Investments made by the trustee are in accordance with the trust indenture and are carried at fair market value, and are included with cash and cash equivalents on the consolidated statements of cash flows.

Revenue Recognition

The Foundation accounts for contributions as revenue in the period received at their fair value. Revenue from investment and rental activities is recognized as earned.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2015 and 2014

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and Support

Contributions received are recorded as increase in unrestricted, temporarily restricted, or permanently restricted funds depending on the existence and nature of any donor restrictions. Temporarily restricted net assets are reclassified to unrestricted net assets upon satisfaction of time or purpose restrictions. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if those specific restrictions expire in the same fiscal year in which the contributions are recognized. Contributions of assets other than cash are recorded at estimated fair value at the date of the gift.

Investments

Investments consist of money market funds, mutual funds, and marketable securities. Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value with realized and unrealized gains and losses included in the consolidated statements of activities.

Fair Value of Financial Instruments

Cash and cash equivalents, restricted bond proceeds, receivables, prepaid expenses, accounts payable, and accrued liabilities are carried at amounts which approximate their fair value due to the short-term nature of these instruments. Lease receivables are carried at an amount net of unearned interest income which approximates fair value. Bonds payable are carried at the amounts owed, which approximates fair value.

Amortization

Bond issuance costs and fees incurred to secure financing are amortized over the term of the bonds using the straight-line method and are presented net of accumulated amortization. Bond premiums and discount are amortized over the term of the bonds using the straight-line method and are included in interest. Loan origination fees are being amortized over the term of the loan.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires the Foundation's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Tax Exemption

The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code (the "IRC") whereby only unrelated business income, as defined by Section 512(a)(1) of the IRC, is subject to federal income tax.

Subsequent Events

Subsequent events have been evaluated for potential recognition and/or disclosure through September 24, 2015. This represents the date the consolidated financial statements were available to be issued.

NOTE 8. LOAN ORIGINATION FEES

In July 2013, REV obtained a note payable with Wells Fargo Bank in the amount of \$2,240,000 and incurred loan origination fees in the amount of \$45,837. These fees are being amortized over the term of the loan. Amortization expense for the year ended June 30, 2015 and 2014, was \$4,136 and 3,791, respectively. These costs are included in intangible assets.

NOTE 9. NOTE PAYABLE

In July 2013, REV acquired a note payable with Wells Fargo Bank to fund the cost of a major renovation project at University Village. The loan was in the original amount of \$2,240,000 and requires quarterly payments of \$66,191 including interest at 4.75%. The loan matures in August 2024.

Current maturities for each of the next five years and in the aggregate are as follows:

NOTE 10. INTEREST RATE SWAP AGREEMENTS

In order to mitigate interest rate risk associated with the Series 2008A Bonds and Series 2008B Bonds (See Note 11), REV entered into two interest rate swap agreements with Wells Fargo Bank, N.A. (formerly Wachovia Bank, N.A). Pursuant to the agreements, REV paid a fixed rate of 4.3862% on the Series 2008A Bonds and a fixed rate of 4.555% on the Series 2008B Bonds based on the outstanding principal of the respective bond issues.

In December 2010, the interest rate swap agreements were amended and restated in order to lower the fixed rate on the Bonds. The Series 2008A Bonds are now fixed at 3.830% and the Series 2008B Bonds are now fixed at 3.945%.

The fair value of the interest rate swap agreements is recognized in the accompanying consolidated statements of financial position as a liability in the amount of \$10,409,718 and \$9,907,467 for the years ended June 30, 2015 and 2014, respectively. REV recorded a loss of \$502,251 and a gain of \$39,385 for the years ended June 30, 2015 and 2014, respectively.

NOTE 12. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("FASB ASC") establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Foundation has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds: Valued at the net asset values of shares held by the Foundation at year end.

Marketable securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value of shares held by the Foundation at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Foundation believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 14. NET ASSETS ENDOWMENTS

The Foundation's endowment funds consist of individual donor restricted endowment funds. The net assets associated with such endowment funds are classified and reported based on the existence or absence of donor imposed restrictions.

As of July 1, 2008, the Foundation adopted the State of Georgia's Uniform Prudent Management of Institutional Funds Act ("UPMIFA"), which requires the preservation of the fair value of the original gift as of the gift date of the donor restricted endowment funds absent explicit donor stipulations to the contrary. The Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by UPMIFA. The Foundation allows spending from endowment funds based on the current spending policy. Fund spending is limited to the lesser of the established spending rate or available cash balance and investment return. In accordance with UPMIFA, the Foundation considered the following factors in making its determination to appropriate or accumulate endowment funds:

- The duration and preservation of the donor restricted endowment fund.
- The purposes of the Foundation and the donor restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and appreciation of investments
- Other resources of the Foundation
- The investment policies of the Foundation

The following table presents the Foundation's endowment composition, changes, and net asset classification as of and for the year ended June 30:

	2015		
	Temporarily Restricted	Permanently Restricted	Total
Endowment net assets, beginning of the year	\$ 19,600	\$ 110,000	\$ 129,600

Endowment net assets, end of the year	\$ 19,600	\$ 110,000	\$ 129,600

(a) *Endowment Funds with Deficits*

From time to time, the fair value of assets associated with individual donor endowment funds may fall below the value of the initial and subsequent donor gift amounts. Donor endowment deficits are classified as a reduction of unrestricted net assets.

(b) *Return Objectives and Risk Parameters*

The Foundation has adopted endowment investment and spending policies that attempt to provide a predictable stream of funding to programs supported by its endowment, while seeking to maintain the purchasing power of endowment assets. Under this policy, endowment assets are invested in a manner that is intended to yield a long-term rate of return, while assuming a moderate level of investment risk. Actual returns in any given year may vary from over time.

(c) *Strategies Employed for Achieving Investment Objectives*

To achieve its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized gains) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that places greater emphasis on equity-based investments to achieve its long-term objectives within prudent risk constraints.

(d) *Relationship of Spending Policy to Investment Objectives*

The Foundation appropriates endowment funds for expenditures. Depending upon market conditions and the needs and available resources of the Foundation, appropriations for expenditure from individual endowments may be temporarily suspended to facilitate preservation of the individual endowment.

NOTE 15. GROUND LEASE

In conjunction with the issuance of the Series 2008A Bonds, REV entered into a ground lease ("Lease") on February 27, 2008, with the Board of Regents (as "lessor") for the use of certain real property on the campus of the University, under an Assignment and Assumption of Ground Lease. The premises will be used by REV for the purpose of operating and maintaining a student housing facility, at the sum of \$10 per year payable in advance. The term of the Lease is from February 27, 2008 until June 1, 2032. The term of the Lease, upon request of REV, may be extended for one extension period of up to five years. REV agreed to surrender possession of the premises and improvements at the end of the Lease.

In conjunction with the issuance of the Series 2010 Bonds, CDI entered into four ground leases on December 29, 2010, with the Board of Regents (as "lessor") for the use of certain real property on the campus of the University, under an Assignment and Assumption of Ground Lease. The premises will be used by CDI for the purpose of operating and maintaining student housing facilities, at the sum of \$10 per year payable in advance. The term for three of the leases is from August 1, 2011 until June 30, 2041. The fourth lease is from August 1, 2012 until June 30, 2041. The terms of the four leases upon request of CDI, may be extended for one extension period of up to five years. CDI agreed to surrender possession of the premises and improvements at the end of the leases.

NOTE 16. INCOME TAXES

FASB ASC requires management to annually evaluate the Foundation's tax positions, including accounting and measurement of uncertain tax positions. For the years ending June 30, 2015 and 2014, management concluded that no uncertain tax positions had been taken that would require adjustment to or disclosure in the consolidated financial statements. With few exceptions, the Foundation is no longer subject to income tax examinations by federal, state, or local tax authorities for years before 2011.

NOTE 17. SUPPLEMENTAL CASH FLOW INFORMATION

REV paid cash in the amount of \$2,365,364 and \$2,408,730, for interest during the years ended June 30, 2015 and 2014, respectively.

CDI paid cash in the amount of \$1,896,048 and \$1,890,313, for interest for the years ended June 30, 2015 and 2014, respectively.

NOTE 18. CONCENTRATION OF CREDIT RISK

Financial instruments that potentially expose the Foundation and REV to concentrations of credit and market risk consist primarily of cash and cash equivalents. Cash equivalents are maintained at high-quality financial institutions. The Foundation and REV have not experienced any losses on their cash or cash equivalents. At June 30, 2015 and 2014, cash deposits exceeded the insurance limits of the Federal Deposit Insurance Corporation by \$31,251 and \$862,230, respectively.
