Prior to requesting a hardship withdrawal distribution, you must first attempt to satisfy the financial need by other resources that are reasonably available to you, including but not limited to other distributable amounts under any plan of your employer and any loans where repayment would not create a financial hardship. Your Plan may require that you cease making deferrals to the Plan for a period of six months after taking a hardship withdrawal. If you are under age 59 1/2 you may also be subject to a 10% federal tax penalty on the amount withdrawn.

**Please select the reason for this Hardship Withdrawal request:**

- Medical expenses for you, your spouse, or your dependent (or primary beneficiary other than your spouse if your plan allows).
- Expenses directly related to the purchase of your principal residence, including mortgage payments.
- Tuition-related educational fees, including room and board for the next 12 months for post-secondary education for you, your spouse, your children, or your dependents (or primary beneficiary other than your spouse if your plan allows).
- Amounts required to prevent eviction from, or foreclosure on, your principal residence.
- Burial or funeral expenses for your deceased parent, spouse, child, or dependent (or primary beneficiary other than your spouse if your plan allows).
- Repairs for uninsured or underinsured damage to your principal residence due to theft, fire, storm or other casualty.

**Please select the vendor and input the amount needed to meet your immediate financial need:**

I hereby provide an electronic signature. I am aware that this request must be reviewed in order to determine that it complies with all plan provisions and regulatory guidance. I do hereby certify that all the information provided is true and complete to the best of my knowledge and belief.

I hereby authorize VALIC Retirement Services Company or any selected vendor(s) to verify any information regarding the request limited to sources identified herein. This authorization to verify and release information shall include, but not be limited to, past disbursement requests, account balances, employment status and all other information necessary to process the information.

IMPORTANT INFORMATION

When this certificate is submitted to a vendor along with all the necessary paperwork, the vendor is hereby authorized to contact other vendors as noted on this certificate to verify any and all information.

All loans are assumed to be policy loans, and as such the $10,000 step was not included in qualifying this loan.

The Loan modeling was based on plan level account balances at each vendor. The account balance is the total combined value of all contributions under the plan as of the date being displayed and assumes all employer contributions, if applicable, are 100% vested.

The accuracy of this loan modeling is dependent on the availability of current and accurate data from approved vendors.

Loans under the plan cannot be greater than $50,000 or 50% of your account balance and may be further reduced by other restrictions.
LOAN AMOUNT CALCULATION

Retirement Manager determines your loan amount available based on IRS regulations.

Based on those regulations, below are the requirements in Retirement Manager that
determine you available loan amount. A Loan Certificate will be generated if the loan
amount requested meets the requirements below.

- Minimum loan amount allowed - $1,000.00
- Maximum loan amount allowed - $50,000.00
- The loan amount requested cannot exceed the following calculation:

  50% of the displayed Account Balance at the selected provider minus
  Total Outstanding Loan Balance (displayed under the Loan Transaction on Record)

Example:

John Smith has an account balance of $10,000.00. He also has two active loans. Loan 1
has an outstanding balance of $500.00, and Loan 2 has an outstanding balance of
$1,000.00.

The maximum loan amount available to John at Provider 1 is $3,500.00 (50% of
10,000.00 - $1,500.00)

Other loan requirements include:

- The total highest outstanding balance over a rolling 12 months for all loans cannot
  exceed $50,000.00. This includes loans on the 457(b) plan if available.
- A new loan is not available if you have a defaulted loan on record. You can
  contact the provider where you have a defaulted loan to discuss the payoff process
  for that loan.
