

**AUXILIARY SERVICES PARKING AND  
TRANSPORTATION**

**PARKING POLICIES, REGULATIONS,  
CITATIONS, AND APPEALS**

**July 1, 2019**

## **I. Vehicle Identification and Liability**

The University has adopted the following regulations to ensure safe, courteous, and orderly vehicle operations and parking on campus. **It is the responsibility of the owner and driver of the vehicle to know and follow these regulations to prevent being cited for any violation.**

Persons who display abusive language, discourtesy, threaten, or disrespect toward Parking Services employees, or who persist in violating parking regulations, or whose actions or words are threatening, may be subject to criminal and/or administrative action.

Vehicle identification is required in order to purchase a parking permit, for any vehicle operated by a member of the University community on the University campus or any property owned or leased by the University. In accordance with Georgia State Law, any vehicle operated on the campus as well as any other State roadway must contain proof of liability insurance and the driver must possess a current State driver's license. Savannah State University assumes no responsibility, nor creates any liability, for the care and/or protection of any vehicle, or its contents, while it is on campus, whether the activity is academic, extra-curricular, or recreational.

## **II. Vehicle Permits (Decals) and Fees**

A. All vehicles parked on campus are required to obtain a University parking permit (go to [www.savannahstate.edu/permit](http://www.savannahstate.edu/permit) and login using your SSU network ID and password), unless the vehicle has a **valid** permit from another University System of Georgia institution (<http://www.usg.edu/inst/>). If the institution does not require a *physical* permit, the student or employee must purchase a discounted SSU permit for \$10.00. Those vehicles with these permits must be parked in the spaces designated for commuter students and faculty/staff, respectively.

B. Individuals may only purchase permits for those vehicles to which they, their spouse, parents or guardians hold the title or lien. **Individuals are responsible for citations written on all vehicles on their account.** Also, customers are responsible for checking their parking portal routinely for any outstanding citations that was occurred. "I did not know that I had a citation", is not an excuse.

C. All permits expire on August 31 each year or for as long as the student is currently enrolled in classes, or the employee is employed, whichever is less. The subsequent year's permit may be placed on a vehicle prior to August 31.

D. Parking permits are **non-refundable**. If a permit was purchased using payroll deduction, future payments will be stopped, however you will not be refunded what was already paid for the use of the permit.

E. All permits are valid for the current academic year.

F. Students moving from one residential facility to another must purchase a new permit for \$10, unless moving from one General Residential Parking ("up-top" location) to another, then the

permit can be kept. Students moving off-campus from on-campus or vice-versa must purchase an appropriate new permit for \$10.

G. Unless a reserved parking space is purchased; the purchase of a parking permit does not guarantee parking in a specific space on campus. Reserved parking spaces are reserved 24/7.

H. Permits and Citations are official documents of the University. Persons falsifying, copying, stealing, altering or mutilating an official document will be subject to criminal and/or administrative action.

#### J. Temporary Parking Visitor's Day Pass

Under the following circumstances, a temporary parking day pass can be obtained:

- **Visitors.** Visitors must enter at LaRoche Avenue to obtain a visitor pass at the Visitor Center. If a visitor is in a vehicle with a SSU affiliate, then the vehicle will need to enter at LaRoche Avenue and sign their visitor in at the Visitor Center. Students having overnight guests must submit an approval of visitation form from housing when requesting a permit for residential parking.
- **Workshop Groups/Events.** A special permit will be provided by the events coordinator or Auxiliary Services staff which will allow members of groups coming onto campus to be identified for the duration of their workshop or service. Contact Auxiliary Services at 912-358-3109 for more information. If a Workshop/Event passes was not issued, you will need to stop by the Visitor Center located on LaRoche Avenue to receive a workshop/event pass.
- **Contractors/Vendors.** On-campus more than 60 days contractors must purchase a SSU parking permit. Contractors coming onto campus for one day must follow the instructions for Visitors. Contractors coming onto campus for multiple days must have a special temporary permit made for them by Auxiliary Services. Departments hiring these contractors are responsible for notifying Auxiliary Services of the needed permits. Parking for these contractors will be limited in time and location.
- **Department Volunteers.** If you are an unpaid volunteer (does not receive a SSU paycheck), you can receive a temporary permit from the Parking Office for the duration of your employment free of charge.

If you are a paid volunteer (receive a SSU paycheck,) you will need to purchase a parking permit

#### K. Temporary Parking Permits

Under the following circumstances, temporary parking permits will be issued from the Auxiliary Services Office in 127 King-Frazier to University community members who have already purchased a permit. In every case, you must bring with you the information required below, and the make, model, and tag (license plate) number of the vehicle. If you find you require a one-day temporary pass, you may download it from the parking portal. Only 5 one-day passes will be allowed each semester. **Temporary passes are not provided for employees or students who have not purchased a permit. Please do not request an exemption based on financial need.**

- **Mechanical Repairs.** You can receive a temporary permit for mechanical repairs up to 5 days with no documentation, as long as you have purchased a permit. After 5 days, documentation from the repair shop showing how long the car is expected to be in the shop must be presented in order for a renewal to be issued.

- **Rental or Loaner Vehicle.** When you are using a rental or loaner vehicle to replace your own vehicle, you must present evidence as to the length of time your vehicle will be disabled. The temporary permit will be issued only for the length of time your vehicle will be disabled. If you are using a loaner vehicle that does not have a rental contract, you will be limited to a two-week temporary permit; after that, you must purchase a permit for the loaner vehicle.
- **New Vehicle.** Your tag application or other official documentation must be presented as proof of the date of purchase. If you currently have a temporary dealership license tag, you will need to register your vehicle and input the **LAST SIX of the vehicle's VIN**. Once your permanent license tag arrives, you will need to bring your registration information to Auxiliary Services Parking and Transportation (King-Frazier 127) so that your account can be updated.

Those needing accommodations for temporary disabilities should contact the University Disabilities Coordinator for a temporary hangtag, to allow you to park in a lot that may not correspond with your permit designation. This hangtag will **not** allow you to park in a handicap (ADA) parking space; for that purpose, you must have an official ADA hangtag or license plate registered to you. You also may **not** park in a reserved space.

#### **L. Parking Restrictions**

Savannah State University Parking citations are issued to vehicles that violate the University's parking rules, regulations, and procedures. **The name of the individual listed as registrant is responsible for the violation, regardless of who was driving the vehicle at the time of the infraction.** If fines are not paid, the Bursar's office will be responsible for collections. This means that failure to pay parking citations will result in a student not being permitted to register for classes, graduate, or receive a transcript until the fine is paid. If the violator is a faculty or staff member, any outstanding fine will prevent them from clearing the University upon termination of employment.

On nights and weekends, students **or their guests** bringing to campus a vehicle without a current permit must log onto their parking portal and create a guest account (if you are a guest) to retrieve a one-day parking pass. The pass must be display on the vehicle dashboard at all times while parked on campus until a permit is purchased **the next business day**. If you are unable to come to the Parking Services office in King-Frazier to purchase your permit first thing the next

## **THE PARKING APPEALS BOARD**

The Parking Appeals Board (PAB) is an essential component in assuring that the parking rules and regulations of the University are applied fairly and impartially. The duty and responsibility of the PAB is to review appeals for parking citations received on the Savannah State University campus, in order to assure that the parking enforcement staff issued each citation in accordance with parking rules and regulations.

## **THE APPEALS PROCESS**

Anyone receiving a parking citation on the Savannah State University campus has a right to appeal the citation to the PAB. The PAB is tasked with the responsibility of reviewing, investigating, and rendering a final decision to either uphold or dismiss the citation, based on whether or not the parking enforcer acted in accordance with the parking rules and regulations. The Board has five members, identified as: one sworn Public Safety Officer, two representatives from the Student Government Association, one staff member, and one faculty member. A student is not eligible to chair the PAB. The person serving in the capacity of chair will be elected by the PAB members at the first meeting of the academic year. The chair can only serve a maximum of two consecutive academic years. The PAB shall require the attendance of two members exclusive of the chair or his/her designee in order to convene for business for any appeal. The PAB shall convene at least monthly during the academic year, or as often as necessary to assess and investigate appeals. The PAB may complete their processes by e-mail when time is of the essence. The PAB shall conduct all investigations in compliance with Federal and State Laws, Board of Regents rules and regulations, and Savannah State University policies and procedures.

All appeals must be submitted online at [www.savannahstate.edu/permit](http://www.savannahstate.edu/permit). **The appeal must be received within 10 calendar days from the date of the citation.** The right of appeal is forfeited after the 10 calendar days. The PAB shall render a final decision. The appellant will be notified of the decision in writing within 10 business days following the PAB meeting at which the appeal was heard either by email or United States Postal Service.

Visitors who receive a citation can appeal by logging onto the Savannah State Parking Portal ([www.savannahstate.edu/permit](http://www.savannahstate.edu/permit)) and creating a visitor account. Once the account is created and the vehicle added, the citation will automatically be assigned to the visitor's profile. The visitor can then appeal the citation. A visitor's vehicle should never be combined or assigned to a non-visitor's account. **If a vehicle is registered to a student, faculty, or staff, that person will become the responsible party for any citations charged to the vehicle.** For assistance, contact the Parking Services office at 912-358-3109.

When the appellant initiates the appeal process, he or she must indicate why the patroller/officer was wrong or negligent in the performance of his or her duties when the citation was issued. Appealing for reasons such as "late for class, no parking spaces were available, I did not know I had a ticket, other people were parked there, I've always parked there before, etc." are not justifiable reasons for consideration. **Ignorance of the regulations is also not a justifiable reason for appeal.** When appealing, the appellant must adhere to the following policies and procedures:

- Submit appeal request online at [www.savannahstate.edu/permit](http://www.savannahstate.edu/permit).
- After 10 calendar days, **the right to appeal is forfeited.**
- Upload and attach to the online appeal electronic request any and all related material to justify your request, including tickets and receipts.
- If the PAB needs additional information, you will be notified via email and/or phone to submit the requested additional information.
- Only appellants can appeal their own citations, not friends, relatives, roommates, etc.
- A reminder notice will be sent to all potential graduating seniors with parking permits. Parking fines must be paid in full in order to graduate or receive transcripts. Please be aware that appeals may not be able to be heard before graduation.
- **PAB decisions are final and are not subject to additional review.**
