

# Regional Science & Engineering Fair SRC and IRB Members

(must be appointed by 9/30/2019)

If your fair is ISEF-affiliated, you may submit a copy of your ISEF SRC/IRB form in lieu of these 2 pages.

Name of Fair <b>Savannah State University Regional</b>	Fair Code <b>SAVA</b>
---	--------------------------

**All GSEF-affiliated fairs must have a Scientific Review Committee (SRC) and Institutional Review Board (IRB).**

- The SRC must have at least 3 people, including a **biomedical scientist (skill #2)** and an **educator (skill #4)**.
- The IRB must have at least 3 people, including a **school administrator (#3)**, **educator (#4)**, and **medical/mental health professional (#5)**. An animal care specialist (#1) is required if even one project involves any kind of animal, including invertebrates, eggs, pets, etc.
- The SRC and IRB must be available both fall and spring semesters.
- A person may serve on both committees and may represent more than one skill.
- See details in the ISEF 2020 Rules and Guidelines: <https://sspcdn.blob.core.windows.net/files/Documents/SEP/ISEF/2020/Rules/Book.pdf>
- **CONFLICT OF INTEREST:** A person who has a role on any individual student's project as a parent, Adult Sponsor, Qualified Scientist, or Designated Supervisor must recuse him/herself from the SRC or IRB for that project.

**Skill #1 Animal Care Specialist** - required for every project involving nonhuman vertebrate animals

**Skill #2 Biomedical Scientist (SRC)** - must have graduate degree to fulfill SRC requirement

**Skill #3 School Administrator (IRB)** - preferably principal or vice principal

**Skill #4 Educator (IRB and SRC)**

**Skill #5 Medical/Mental Health Professional (IRB)** - may be a medical doctor, nurse practitioner, physician's assistant, doctor of pharmacy, registered nurse, psychologist, licensed social worker or licensed clinical professional counselor. The medical or mental health professional on the IRB may change depending on the nature of the study. This person must be knowledgeable about and capable of evaluating the physical and/or psychological risk involved in a given study.
