Message from the Residential Living Staff

Greetings from the Savannah State University Office of Residential Services & Programs. It is our sincere wish that you include Campus Housing as a part of your University experience. The Office of Residential Services & Programs strives to provide a living environment that is not only comfortable, safe and secure, but also conducive to the students’ academic and personal growth. Living in a residence hall is a unique experience, because university residency is much more than a place to sleep, eat, and study. Living on-campus provides a wealth of opportunities for developing lasting friendships, participating in co-curricular social and educational activities, and sharing experiences with people from different backgrounds, interests, cultures, academic pursuits and aspirations. Residents often study together, participate in campus intramural sports and athletic teams, attend and participate in a wide variety of programs and activities offered in residence, or become involved in the various forms of student government. Being so conveniently located on the campus makes it easy to take advantage of many opportunities available right on your own doorsteps.

Residential Living Staff

Benefits of Living On-Campus

From what research tells us and from our own findings, the unique benefits attributed to living on-campus are as follows:

- Residential living appears to have a positive influence on persistence to graduation. In other words, there is a stronger relationship between living on-campus and eventually graduating than is the case for living off-campus;
- As a result of structured programs, students living on-campus tend to be more involved in various cultural, social, personal, academic, and other co-curricular experiences. This is particularly important in light of our understanding that students who are highly involved in campus programs are more likely to be satisfied with their collegiate experience and to graduate than students who are not involved in such opportunities.
- Students who reside on-campus tend to have significantly greater gains in areas of psychosocial development (e.g., intellectual orientation, autonomy, inner-directedness, and academic and social self-concepts) than their peers who reside off-campus and commute;
- There is some evidence that suggests that students living on-campus experience greater gains in aesthetic appreciation, cultural understandings, intellectual values, and political liberalism than their student counterparts off-campus; and
- In terms of personal development, students who reside on-campus typically are better adjusted, show more initiative, are more trusting, and are less likely to be overtly dependent on parents than students who live off-campus.

In sum, it is clear to us that compared to their peers who live off-campus, students residing on-campus experience certain student learning and development that is associated with the interpersonal and academic climate fostered in residence halls and on-campus apartments. Although the University does not have a residency requirement for students, we want all students to be successful and ultimately graduate – living on-campus greatly enhances these desired outcomes.
Check all that apply:  
☐ New – First time in College (FTIC)  
☐ Returning – Any student previously enrolled in the University  
☐ Transfer - Any student transferring from another college or University  

1. Please submit your applications with the $50 non-refundable application fee to the Office of Residential Services and Programs. All checks and money orders should be made out to Savannah State University.  
2. Accommodations are limited and will be leased on a first-come, first served basis.  
3. New and returning residents are assigned based on the date of a complete housing packet (housing application, housing contract, paid room reservation fee, and meningitis form). Roommate requests depend on room availability, reciprocal request, and receipts of all applications involved in the request before assignment are made. While every reasonable attempt is made to honor roommate preferences and building requests, the university can make no guarantees.  
4. A limited number of accessible housing units for people with mobility impairments are available. Request for special accommodations must be received at least four months prior to the anticipated occupancy. You should also contact the Coordinator of Disability Services, Mrs. Amelia Castilian-Moore, in the Office of Counseling/Disability Services in the King Frazier Center second floor, at 912.356.2202 or by email at moorea@savannahstate.edu as soon as possible, so that your disability, and documentation of your disability can be reviewed, and coordinated with the Office of Residential Services and Programs.  

Housing Applications: ☐ Academic Year (Fall & Spring)  ☐ Fall 2010  ☐ Spring 2011  

Residential Services and Programs Honors Housing  
Savannah State University acknowledges the academic success of our student body, therefore it is a desire of the Residential Services and Programs Staff to provide Honors housing for those who strive for academic excellence.  
Honors Housing consists of the one and two bedroom apartments in University Village and one bedroom apartments in University Commons at Savannah State University.  
To apply and be considered for Honors Housing, a student must have the following criteria:  
-Be a Junior (48 or more credit hrs.), Senior (72 or more credit hrs.).  
-Must have completed at least one term (two semesters) at the university at the time of application  
-Have a 3.25 cumulative GPA at the time of application  
-Have no disciplinary sanctions against them from the Office of Residential Services and Programs and the Office of Student Ethics  
-Be cleared and in good financial standing with the University. 

Honor Housing Assignment  
Housing assignments are based on a first come, first serve availability. Lack of residential space and other unexpected circumstances may cause changes in housing assignment.  

Process  
These criteria will be checked/determine by the Director of Residential Services and Programs prior to receiving room assignment confirmation. In addition, students must be registered for six (6) or more credits for that particular Fall semester to be eligible to have a Honors Housing room assignment on campus.  

-Questions?  
For information about Honors Housing, email us at housing@savannahstate.edu or call 912.358.3132  
*Applications can be received at the Office of Residential Services and Programs. All students will be notified of acceptance, in a timely manner, upon receiving housing assignments.

TERMS OF THE CONTRACT

A. Introduction:
   All the materials contained herein become and shall be an integral and binding part of all residential facility agreements at Savannah State University (3219 College Street, Box 20551, Savannah, GA 31404). It is the student's responsibility to become familiar with all sections of this agreement. These terms and conditions are not intended to provide the general or specific residential facility information of a non-contractual nature, which is contained in the Residential Living Handbook and distributed when students check into the residential facility. University regulations and policies affecting residential facility agreements are subject to change. Such changes shall be officially announced and/or posted on bulletin board(s) in each residential facility, and this announcement shall constitute actual notice to residents. The changes shall become effective and binding at the date of such posting or official announcement.

B. University Housing Policy:
   **First-Year-Freshmen** from outside the Chatham County area are expected, but not required, to reside in the residence facilities of Savannah State University. Freshmen, who elect to live on campus, must purchase the 20 meals-per-week meal plan. **Non-Freshmen resident students must purchase at least a 10 meals-per-week meal plan.** A student who falls under the University Campus Housing Policy cannot be assigned or occupy a room until the Office of Residential Services and Programs (ORSAP) receives his/her **Residential Facility Contract/Application, Non-Refundable Application Fee, and signed Meningitis Form.** These regulations are applicable to all students insofar as space is available in the University's residential facility. A resident of campus housing must be enrolled at Savannah State University and must maintain a minimum of six (6) credit hours per semester to maintain residency. **NOTE:** Georgia State Regulations say that no assignment to university housing can be made without a completed Meningitis Form (which is attached to this contract/application). Forms are mandatory in addition to other forms provided by student. Shot records are not valid!

C. Fees:
   1. **Residential Facilities Application and Application Fee:**
      An application for University Housing can only be submitted AFTER the STUDENT receives an official acceptance to Savannah State University from the Office of Admissions. Submission of a residential facility application, contract, and non-refundable application fee does not guarantee housing. A $50.00 Non-refundable Application Fee must accompany each Savannah State University Housing Application and Residential Facility Contract before an application can be processed and a room assignment can be made.
   2. **Room and Board Rates** (See Current Fee Schedule at: http://www.savannahstate.edu/fa/Comptroller/tuition.htm)

D. The University will provide the following:
   1. A single twin size extra long bed (with the exception of University Village which is full size extra long), dresser or wardrobe, desk chair, desk, mattress pad, and shared bathroom.
   2. You will receive a room key. If the room key is lost during the year, you must pay for the re-copying of the room lock and new keys. Keys shall not be duplicated other than by University officials. All keys must be surrendered to the Office of Residential Services and Programs or designated area upon termination of this contract.
   3. TV lounges, study lounge, laundry facilities and other amenities exist solely for resident’s use and use by others is expressly prohibited.
   4. As of the Fall Semester of 2010, land line telephone service will not be provided in any residence hall rooms, suites or apartments.

*Student’s Initials______________
Purpose: The residential facilities will be used by the students solely for residential and educational purposes.

2. Agreement of Payments: The student agrees in consideration for the assigned space and meal plan to pay Savannah State University's room and board charges. The room and board charges are payable in full at the time of payment of tuition and fees for each semester. Payment of room and board charges are not contingent upon whether or not a student receives financial aid or loans. Where this applies, single room charges must be paid at the time the single room status takes effect. When damage occurs to any part of the public area of the assigned residential facilities (i.e. hallways, lounges, bathrooms, carpet, etc.), ALL residents of the residential facility will be notified and held responsible for cost of repair or replacement. Each STUDENT is also held responsible for damages and/or fines associated with his/her room or residential facility.

3. Date(s) of Occupancy: A STUDENT may occupy his/her assigned space from the date designated as the official opening of campus housing to the date designated as the end of the semester in the Student Academic Calendar and billing cycle. Students contracting for housing prior to the first day of the term will be held responsible for payment for the entire term regardless of when they check in. Each NEW STUDENT who has not checked into the assigned residence facilities space by 6:00 P.M. of the official check-in date (See Academic Calendar) or has not called the ORSAP to guarantee a late arrival will be declared a no-show and the space will be released for assignment to another. If the student attends SSU without canceling his/her room assignment five business days or more prior to the next semester of the opening day of housing, he/she will be held responsible for 50% of the room charges. The residential facilities will close for the Christmas break and between Spring and Summer breaks. The residential facilities will close and re-open according to a published schedule (Academic Calendar). Meal plan dates will be provided in the Academic Calendar and may not exactly correspond with the dates residential facilities are open. All STUDENTS must make alternative arrangements, at their expense, for housing and meals during periods of Residential Facilities Closure.

4. Assignment Policy: The University's ORSAP reserves the right to make assignment of space, to authorize or deny room and roommate changes, to consolidate vacancies and to require a student to move from one room or residential facility to another. The University further reserves the right to require a student to vacate the residential facilities on a temporary or permanent basis for failure to meet financial obligation to the University, exhibiting behavior not conducive to the living-learning environment established in the residential facilities, or failure to remain in good standing with the University. Residents who withdraw from the University are required to vacate the residential facilities upon withdrawal. The ORSAP will attempt to recognize mutual roommate preferences insofar as regular residential facility space is available. A roommate's full name, address and telephone number are required on the application in order to process a roommate request.

If Special Accommodations are needed under the Americans with Disabilities Act (ADA), a letter or explanation needs to be attached to the application. Requests for special accommodations must be received at least four months prior to the anticipated occupancy. We recommend that students who require special accommodations contact the Office of Counseling and Disability Services (912) 352-2285.

5. Contract Termination by the University Upon reasonable notice and for good cause, the university reserves the right to terminate this contract at any time. Examples of good cause include, but are not limited to: 1) failure to make payment of required charges by announced deadlines; 2) a change in student status, including academic or disciplinary suspension; 3) failure to attend classes; 4) failure to comply with state or federal law; residential facilities policies and regulations; and/or rules and regulations as described in the most current issues of the Student Handbook and Residential Living Handbook, this contract and/or its terms; or any other published rule and regulation of the university; 5) failure to admit an officer or agent for reasonable inspection of the room for health, safety or sanitation standards; 6) failure to comply with the direction or order issued by and with the authority of any officer of the university; 7) possession, sale or use of drugs, 8) weapons possession; 9) tampering with life safety equipment or otherwise endangering the safety and/or security of other residents; 10) failure to occupy the assigned space before the established deadlines for each semester; 11) failure to stay registered. Students who use and/or possess illegal drugs or weapons in any residential facility will have their room contract terminated without financial refund.

Should this contract be terminated, the student may be required to vacate the residential facility within 24 hours unless special permission, in writing, has been obtained from the Director of ORSAP or a designee of the department. In the event the student does not vacate within the allowed time period, the room lock will be changed at the student’s expense and any property of the student remaining in the residential facility room or building will be treated as abandoned property. All charges for removal and disposal will be assessed to the student.

Termination of any of the above conditions will result in the student being liable for all charges assessed during the term of this agreement and not receiving any refund for current semester room and board fees; forfeiting his/her room reservation. Students will also be financially responsible for any room damages and unreturned keys and/or access cards and failure to properly check out with a residential facility staff member.

The university reserves the right, at its discretion, to determine that past behavior and/or criminal activity is such that the interests of the university, the student and/or other students would be best served by alterations or cancellation of the contract. If the university becomes aware that a student has a record of criminal conviction(s) or other actions indicating behavior that would pose a risk to person or property and/or could be injurious or disruptive to the residential facility community or the living-learning environment, the university may not accept or may cancel the contract.

6. Contract Termination by the Student: Under certain circumstances, the student may terminate this contract by giving written notification to the ORSAP (refer to number 8). If the student has occupied the assigned space and the request for termination has been approved, he/she must follow proper check-out procedures published in the Residential Living Handbook. Occupancy is defined by the issuance of a key and/or access card to the student for a specified space and does not require actual physical presence by the student and/or his/her possessions. Failure to check-out properly will result in a $75.00 charge for administrative costs, and additional costs may be assessed for a lock change. The student must contact the ORSAP directly to initiate the process to terminate his/her contract.

7. Contract Releases/Cancellation
A. Contract Releases
A student may request, in writing, a release from this contract under the following conditions with no penalty if granted.
1. Graduation
2. Student teaching outside of Chatham County
3. Co-op internship outside of Chatham County
4. Military duty

A student may request, in writing, a release from this contract under the following conditions (penalty applies).
1. Withdrawal from the university
2. Transferring to another school
3. Decide not to live on-campus

*Student’s Initials: ___
B. Non-Returning Student Cancellation Policy

Residents who complete a room and board contract for the academic year, and elect not to return to the University for the spring semester must move out by the designated move-out day in December. If a resident does not move out by this date he/she will be held financially responsible for 50% of the room charges for the spring semester, as well as the prorated amount of the board and unlimited laundry charges.

8. Authorization for Crediting Room and Board Charges To Student's BANNER Account:
A credit to the student's account for Room and Board charges will be given, on a prorated basis, only, if the STUDENT follows the prescribed and published residential facility room checkout procedures. The following conditions must be met:

1. When the STUDENT is ready to check out of the assigned room, he/she must contact the residential facility staff (Residence Director or RA/CA).
2. The STUDENT and the residential facility staff (CA, RA or Residence Director) will record any changes on the Unit Condition Report Form.
3. The STUDENT will be held responsible for any damages and discrepancies noted on the Unit Condition Report Form.
4. The STUDENT will receive a duplicate copy. The room key must be returned at this time.

9. Release of Room
Each NEW STUDENT who has not checked into the assigned residence facilities space by 6:00 P.M. of the official check-in date (See Academic Calendar) or has not called the ORSAP to guarantee a late arrival will be declared a no-show and the space will be released for assignment to another.

If a CONTINUING STUDENT fails to occupy his/her assigned space before 6:00 P.M. on the first day of classes without notifying the Office of Residential Services and Programs of a late arrival, the assignment and Room Reservation is subject to forfeiture.

Students who complete this contract, enroll for classes at SSU, and fail to honor this contract will be held financially responsible for 50% of the room charges for the semester, as well as the prorated amount of the board and unlimited laundry charges.

10. Consolidation of Residential Facilities Spaces
Students in double occupancy rooms who have not contracted for single occupancy and do not have a roommate must pay either a single room rate, obtain a roommate, or change rooms. Students who have assigned roommates and the roommate did not occupy their assigned space or withdrew from campus housing within a month of the end of registration for a term must also adhere to the Room Consolidation requirements. Any room changes must be approved in writing by the ORSAP and be completed within five days after notification to consolidate. If the consolidation has not occurred within a five-day period after official notification by the ORSAP and/or Residence Director, the student will automatically be charged and legally obligated to pay for his or her room on a prorated basis at a single room rate. The student may only contract for a double occupancy room as a single for the remainder of the current semester and is not guaranteed a single room for the next semester.

11. Room Inspections, Searches and Seizures:
Students are guaranteed the rights of any citizen and therefore will not be subject to unreasonable searches and seizures. The courts, however, have recognized the right of the University to conduct reasonable inspections, searches and seizures in order to enforce University regulations. Savannah State University reserves the right to conduct such inspections, searches and seizures within limits of the law. For detailed guidelines reference the Room Inspections, Searches and Seizures section of the Residential Living Handbook and/or Student Handbook.

12. University Liability:
Although security precautions are taken, the University assumes no responsibility, liability or legal obligation to pay for injury (including death) or the loss of damage of personal property which occurs in its buildings or on its grounds prior to, during, or subsequent to the period of this contract. This includes damage, loss, fire, water damage, theft, flooding, etc. Neither Savannah State University nor any agent of Savannah State University shall be liable in any respect for damages to person or property resulting from the interruption of any utility service or the failure of any defect in any equipment or appliance serving Savannah State University. Students or their parents are strongly encouraged to carry appropriate insurance to cover such losses. The ORSAP has brochures of several companies available that offer insurance for students if they are not covered under their parents’ policies.

13. Room Key:
A room key shall be issued to each resident. The key shall remain University property loaned or licensed to the student only so long as the student may rightfully occupy the residential facility room to which said key provides access. The resident shall not deliver, surrender, or otherwise relinquish possession of the room key to any unauthorized individual or permit the key to be duplicated or modified. Unauthorized possession, duplication, or modification of said key may be grounds for formal prosecution. The student shall deliver possession of said key to an authorized University official immediately upon termination of the student's right to occupy the room to which said key provides access or otherwise immediately upon demand of such official. Violation of any provision in this paragraph may be grounds for declaring the student in breach of the contract or other action by the University. Loss of the room key will result in a core change for which the student will be required to pay the current fee upon notification of the key being lost.

14. Meal Plan/Student Identification Card:
All freshmen, who elect to live on campus for the first academic year of enrollment, must purchase the 20 meals-per-week meal plan. Second year freshmen and ALL upperclassmen (regardless of unit type) must purchase at least the 10-meals-a-week meal plan. There is no refund for missed meals or carry-overs to another semester during the meal contract period. It is mandatory that the Student Identification/Meal card is carried at all times and is not transferable. This applies to all STUDENTS. For a medical or employment meal reduction, contact the Office of Auxiliary Services for required documentation. Special dietary needs will be considered.

F. Subletting: This housing agreement shall not be transferred or assigned to any person other than the person as named therein.

It is hereby mutually agreed that all provisions of the Student Handbook, Residential Living Handbook, all provisions and policies of the Office of Residential Services and Programs and Auxiliary Services, all University regulations, all Federal, State, and local laws, are binding upon the contract.

Savannah State University is an Equal Opportunity/Affirmative Action institution in accordance with Civil Rights legislation and does not discriminate on the basis of race, religion, national origin, sex, age, handicap, or other factors prohibited by law in any of its educational programs, activities, admissions or employment policies.

Meal Plan Options for Upperclass Residents – 2010-11

Upperclass resident students (sophomores, juniors, seniors, graduate students)

Please choose one of the following meal plans:

_______ 14 meals a week - $1,200 per semester*

_______ 10 meals a week + 200 dining dollars a semester - $1,200 per semester*

- Meal plan weeks begin on Monday and end on Sunday.
- Meal plan options must be chosen by the Friday of the first full week of the semester; otherwise, it will be necessary to wait until the next semester to change plans.
- If no meal plan is chosen, students will be assigned to the 14 meals a week plan.
- There are no refunds for missed meals or unused dining dollars.
- Dining dollars may be used at any of the dining venues on campus, for the following:
  o In the dining hall when you have run out of meal swipes for the week (the casual rate will be charged)
  o Instead of a meal swipe at a retail venue (the total amount of the food purchased will be charged)
  o In addition to a meal swipe at a retail venue (the amount of the food purchased, less the meal equivalency, will be charged)

*Fee is contingent on approval by the University System of Georgia Board of Regents.

Freshmen students
Freshmen resident students are required to have a 20 meal a week plan.

Meal plan reductions are available for off-campus employment and medical reasons – please see Auxiliary Services for additional information.
